

Teaching Practice Action Plan

The goal I will work on in my classroom:

I will change the way I structure my centers so that children interact with more team members during activities.

Steps to achieve this goal--	Resources needed:	By When:
1. Learn about another way to structure my centers	1-2 hour after school, websites, training materials	Monday (9.10)
2. Meet with team members to discuss new center structure	Use regular planning time on Wednesday	Wednesday (9.12)
3. Try it out for a week while video taping or take notes about interactions, review video	Video camera, coach to set it up, clipboard for each member to take notes	Wednesday (9.19)
4. <i>Decide if the new way encouraged more interactions and make changes as needed</i>	Discuss with coach and team	Friday (9.21)

*I know I **achieved this goal** because:*

My team and I have implemented a structure for centers that allows each of us to interact with all of the children during center time.

*I am **making progress** toward this goal and will keep implementing my action plan*

*I **need to make changes to my plan** to achieve this goal by revising the goal or changing the action steps*
